Northwest Georgia SHRM Chapter

Northwest Georgia Chapter Society for Human Resource Management, is a local group of Human Resource Managers, Practitioners, and Consultants who are committed to promoting excellence in Human Resource Management.

We are affiliated with the **Society for Human Resource Management**, our National Organization that represents more than 210,000 individual members and is the world's largest Association devoted to Human Resource Management.

SHRM Chapters

More than 500 affiliated SHRM chapters offer local activities throughout the United States. The purpose of these chapters is to provide a local forum for your personal and professional development; provide an opportunity to develop your leadership, managerial, public speaking and group decision-making skills; provide a local networking arena; and to provide a focus for legislative attention to Local, State, and National Human Resource Management issues. Membership in an SHRM local chapter is separate and apart from membership in the National SHRM Organization. We encourage you to become a member of both!
